

**REMARKS**

Claims 1-8, 10, 11, 13, 15, and 19-22 have been allowed and the application is ready for issue. Claim 1 has been amended to recite that the drive unit has "some elements that are movable up and down". The Examiner's statement of reasons for allowance implies that the drive unit as a whole moves up and down. However, there are stationary elements and elements of the drive unit that move up and down. The amendment recites this more clearly and removes any ambiguity.

The Examiner is encouraged to telephone the undersigned attorney to discuss any matter that would expedite allowance of the present application.

Respectfully submitted,

PIETER THEODORUS JOHANNES  
AQUARIUS
